What we have here is: a dream book of shared images; a picture book for quite big kids; a story book where the story is your own; a scrap book of frozen scenes and before-and-after memories.

What you might do with it: examine it closely; have your friends and non-friends sign in; make it a home on your bookshelf; use it to mark this year and chapter in your life's novel.

POINTS OF REMEMBRANCE — 1976-77

The Winter of '77 brought cold and snow, not always with advanced notice.

It was a good year for the girls' basketball team. Here, Joan Clinton cuts down a victory net.

Quiet halls, empty of students, were the result of a lengthy natural gas shortage in the Winter of '77.

City school buses were used A.M. and P.M.

Girls' soccer was a new, and popular, addition to G.M.'s line up of fall sports.

Lasso, the school newspaper is one of the ways in which students can receive news on school related activities. Without the Lasso, the only way for news to be passed on would be word of mouth.

CHESS CLUB: 1st Row, L to R: Jon Burns, J. Heron, D. Legaretta. 2nd Row: A.Hall, K. Melama, J. Karnis.

HEALTH CAREERS CLUB: Front: M. Weir. 2nd Row, L to R: T. Davies, L. Scheiter, P. Willis, L. Weintz. 3rd Row: M. Tracz, A. Schwind, C. Greenleaf, K. Amacher, Sponsor - Mrs. Miller.

The members of the Health Careers Club advance their knowledge in the medical field so that one day they might be able to help others in their time of need. Many members of this club plan to seek a career in one of the many areas of medicine.

Everything is science. No one can get away from science because it is everywhere. The goal of the science club is to understand and explore the intriguing depths of scientific fields.

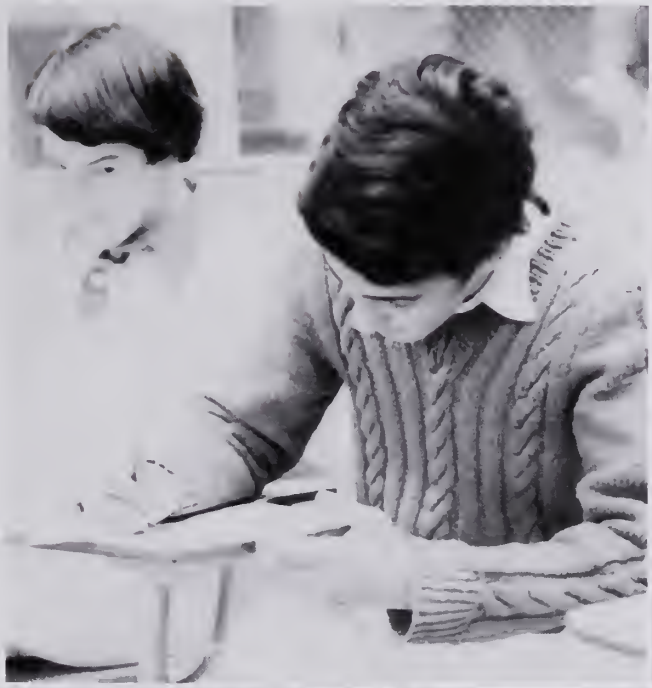
STUDENT LIFE



HOMECOMING

THE HOMECOMING COURT: Left to Right: Freshman Prince and Princess - Karen Amacher, Chris Avery; Sophomore royalty - Luann Toone, Tom Block; Junior Princess Margaret Miller, Prince David Martin; Senior royalty - Debbie Bunch, Bruce Price; Queen Joan Clinton, King Duane Shuman.

Sunshine and muddy field both are reflected when the Homecoming Queen and King meet.

The Queen's orb, so to speak.

Victory eluded the Mustangs on a rain-drenched football field, but the Homecoming spirit endured, and a brief but intense bath of sun light made the half time ceremonies a very special occasion.

The Homecoming dance was held in the cafeteria, and, win or lose, everyone showed there was doubt about how to celebrate.

Kiss Me Kate

The Music Department of George Mason produced the musical KISS ME KATE, under the direction of Mr. Frank Barr and Mr. Richard Howell. Lucia Engle was the student director and the cast included students from all grades. The production was readied for the stage in a hectic fifteen days.

Top: "A play within a play." L. to R.: K. Martin, D. Fain, C. Mueller, W. Vetter, T. O'Dowd.
Center-Left: Petruchio (Dennis Fain) seeks to reason with Kate (Kathleen Martin).
Center-Right: Marc Newton, Collette Mueller and Bob Workman dodge the flack from one of Kate's outbursts.
Bottom: "Another opening, another show."

What are these girls looking for?

Miss Bryant and her young charges.

Gentle persuasion.

An afternoon pick-up game.

(Now, let's see. Was it step, step, kick? Or step, kick, step? Or . . .

Oh, grumble it all! I can't take anymore.

"Well, Hellooo there. This is my friend, Smiling Jeff."

Huber and Bryant - heck on wheels and ready for action.

Busy hands are happy hands.

Time out? Whose? When? Where's the ball? Where's the ref? Who's keeping score? Why am I wearing this cap backwards?

Silence is golden.

What will they think of next?

What goes on behind closed doors?

What devious plots does she have in mind?

Rioting among students! What next?

In memory of...

Senior Class Council

Standing: Pat Tracz, Ben Price, Joan Clinton, and Nick Earman. Kneeling: Al Willner and Mills Kelly.

At last, finally, and about time - but, at the same time, sudden and a little sad. The top of this particular stairway, and, what do you know, we're seniors. Each year we have envisioned our next year here. That certainty was in the same instance too predictable and rather reassuring. No more. In a year, George Mason will be another memory, recalling feelings perhaps both pleasant and trivial.

We have seen our friends grow and change, and we have noticed differences in our own perspectives and attitudes. It would be hard to say precisely how much the "essence" of G.M. contributed to that change, but it cannot be denied that a good deal of each 1977 senior's growth and development was at least contained within the walls of this school. If for no other reason than its physical presence in our everyday lives, G.M. has, for each of us, become interwoven with the nature of our present character.

Time will change the patterns and the elements of who we are. It will always be that way. But it is important that we remember who we were. These pages are for that purpose.

And now for the some-time-during-the-day announcements.

Reluctant student being invited to listen to daily announcements.

In the younger grades, when first starting high school, schoolwork was nothing more than schoolwork and it didn't seem to have any purpose.

As the years went on, I began to realize more that I would actually be using some of the stuff they were giving me. That made it more exciting and I'd decide to buckle down and take in everything I could. For a couple of reasons that isn't as easy as it sounds.

I've had a few teachers that have made me eager to work and listen and learn about what they know. They have gotten me interested enough to want to discuss the things they're talking about. This hasn't happened in most of my classes.

I probably could have gotten a lot more out of this school if my general attitude wasn't normally skeptical. Upon entering any classroom, all I felt was that the same old routine would be setting in soon.

It's hard for me to keep my attention on a subject. My mind does a lot of wandering.

Too often, it seems, classes contain people who only intend to get through this school. It's more interesting and fun to be in a class with people who want to know what's going on.

Being so close to graduation, I'm starting to think a lot about what I'd like to get into after school. There are a lot of things I like to do and would like to try.

My feeling about this school is that I shouldn't have taken it so lightly, especially because I want to make something good, careerwise, out of my life. After five years here, I feel more socially ready than academically to go into the working world.

This school has too many cliques. It is sometimes hard to make friends and if you don't belong in a certain person's group, they can be definitely snobbish.

Being restless and wanting to move on to something that satisfies me more is another feeling. I know there is a lot that is going to happen to me in my life, but it won't happen until after I leave this school. It's hard to be patient and do things step by step.

In the time of your life, live - so that in that wondrous time you shall not add to the misery and sorrow of the world, but shall smile to the infinite delight and mystery of it."
